Recommendation

To access the service smoothly,

Please update your browser and operating system to the latest version before use and avoid using obsolete browser such as Internet Explorer.

For best privacy policy and practice,

Please keep your ID, Password, PIN and OTP Authentication private and confidential.

To keep monitor suspicious transactions

Please check your transactions regularly. If found any suspicious activities, please contact KBank KH directly.

To keep track of any changes,

If there are any additional fees based on local bank announcement occurring, user will be notified prior to the amendment.

To prevent any mistakes or frauds' related to the service,

Any changes of user information and/or any details such as ID & Password, Address, Bank account, Authorized person or any actions related to the service, the user is required to contact KBank KH immediately.

To enhance service security,

User should not authorize the same person to be main contact person, system administrator, approver and end user, nor give the Funds Transfer Tools to the authorized person to be the main contact person, system administrator, approver and end user at the same time.
